

# FLATBARS POSITIONNING

- Flatbars must be positioned at least 3" from the cantilevered side and at least 5" from the other side.
- To find out the length of flatbars required, simply take the width of the countertop and subtract 10". The result is rounded down to the first available size.

Available lengths are: 18" - 24" - 30" - 36" - 40"  
 Ex: 32"-10"=22" rounded down =18"  
 Ex: 40"-10"=30"
